

Bible Reading Check List

66 books, 1189 chapters. How many of us can truthfully say we've read all the Bible? One chapter, one more chapter – it is a slow process perhaps, but sure in the end to reach the goal. The goal is more than just a mechanical reading tho, it is to understand and put into practice its teaching. For this, we need to always remember to ask for the Holy Spirit's guidance each time before reading.

This checklist can be used in several ways. One way is to read one chapter in the Old Testament (929), then one in the New (260). Any way is good to keep the interest strong to continue reading until every chapter has a check-mark in it, and we can know that at least once in our lives we have read all the inspired words of God in this holiest of all books – The Bible.

Genesis	1	2	3	4	5	6	7	8	9	10
